

Wed afternoon

Dear Mom & Dad,

We finally found a place to live, although we will not move into it until Friday. It is a house right in Fredericksburg and is only two blocks from George Washington College. The address is

1311 Landridge Street
Fredericksburg, Virginia 22401.

It was very difficult locating a place to rent. I don't believe there are any apartments available in this town and certainly very few houses. This is because of the large number of military bases in the town and also because more and more people from the Washington D.C. area are moving over the river.

Our house is unfurnished with three bedrooms and so we will have to start buying furniture. Actually, we only need a bed to move in. The stove and oven are built in but we will need to buy a refrigerator. Once we get over the initial terrible and expense, however, it will be a great place to live. In the fall Vickie can surely visit

to school. We are close to downtown but with easy access to the freeway. Vickie decided not attend summer school as she can take the same courses by correspondence for much less money. So, she will have time to get the house fixed up and kept clean. It won't be long before we can invite people to visit us.

Sunday

Sunday and Monday it was cloudy and cool, but yesterday the sky was partly cloudy and the temperature rose to 90°. Last night we went to the show and when we came out a thunderstorm was just starting. It rained very hard and reminded me of Minneapolis. Today it is sunny and hot. We go out by the pool in the afternoon and take a dip to cool off.

I am looking forward to starting work. There are carpools and also bus service to Workmen, so I should not have to drive every day.

On the next page I have summarized the money we owe you. If it is not correct please let me know. Also, don't worry about our financial situation as we can get along fine.
